Traffic cones and temporary signs may soon be a thing of the past when proper parking restrictions are put in place.

## Parking Restrictions Coming To Love's Farm

Love's Farm Community Association (LFCA) has secured agreement with Cambridgeshire County Council (CCC) Highways to implement parking controls for the whole of Love's Farm. The £16,000 funding comprises £8,000 from Gallagher Estates and £8,000 from Cambridgeshire County Council via the Local Highway Improvement (LHI) Scheme. LFCA has received many complaints about inconsiderate

parking by commuters and others and the association conducted a survey in 2015, which received 218 responses and found that 90% of respondents supported implementation of restrictions. Here is an extract from the application to CCC:

"Parking on roads in Love's Farm presents a danger of collision and congestion due to narrow roads. It causes a danger to children and adults attempting to cross the road due to limited visibility

for motorists. It also presents a risk that emergency vehicles may not be able to respond in an emergency due to obstructions... there has been a significant increase in parking since the footbridge giving access to St Neots station was opened nearly 3 years ago..."

Based on advice from CCC Highways, the parking controls are likely to comprise a mix of:

- Double yellow lines on bends and dangerous areas
- Elsewhere, single yellow line, with a 1-2 hour no-parking restriction in the middle of the day
- Limited areas of no restriction.

The restrictions will apply to all of Love's Farm. Experience with other similar examples has shown that adding restrictions to a smaller area merely shifts the problem to neighbouring streets. The next key step will be for CCC Highways to run a public consultation of the proposals on Love's Farm within the next few months.

LFCFA wishes to thank all those involved in the process, and particularly Hazel Pinheiro and our councillors David Wells, Ian Gardener, Barry Chapman and Julie Wisson.

Meanwhile, Breheny is completing the road surfacing on behalf of Gallagher. Station Square is expected to be finished by Easter, and Breheny is targeting mid-June for completion of all the roads on Love's Farm. Keep an eye on [www.ourlovesfarm.co.uk](http://www.ourlovesfarm.co.uk) or follow the LFCFA Facebook page ([www.facebook.com/ourlovesfarm](http://www.facebook.com/ourlovesfarm)) for the latest news.

## Love's Farm Community Plan

What does Love's Farm mean to you?  
Is it just your home or more than that?

Love's Farm Community Association is putting together a plan for our community. With the help of residents, the plan will capture some of the things

that make Love's Farm a great place to live. It will also identify things which could make life better for everyone here, and how we might do this as a community.

We hear a lot about the fantastic green open spaces we have, all the activities going on and our great homes. We also hear frustrations with inconsiderate parking, traffic and litter.

The community plan will help us to set out our community's shared vision for Love's Farm. It will be used to influence local government, services and plans for future developments that might affect Love's Farm.

It will capture the great things we already have, like the community SMART days and events. It will also set out the priorities we have as a community and how we can work together to achieve positive things for everyone.

If you are interested in getting involved, please get in touch by emailing [info@ourlovesfarm.co.uk](mailto:info@ourlovesfarm.co.uk) or come to our LFCA meetings on the third Wednesday of the month at 7:30pm at Love's Farm House.

## Love's Farm Ladies

**Thursday 20 April, 8-10pm**

The Women's Institute (WI) new group Love's Farm Ladies had a very successful meeting in February, which included an interesting and informative talk by Dawn Rowe, a local beautician and hairdresser. Meetings will be held every third Thursday of the month at 8pm in the Reedman Room at the St Neots Football Club. All ladies aged 18 and over are welcome.

The WI is all about inspiring women and providing a rich source of experiences, knowledge and skills. It's a chance to catch up with friends and make new ones, perhaps learn a new skill, and for some, to get involved with campaigns.

Upcoming activities and events include crafts, quizzes, walks, theatre and cinema trips. Do come along and get involved in the way that suits you. We have a wide

range of ages from 27 to 69.

Membership to the WI is £39 per year (£29.25 from 1st April) but come along to your first meeting for free to see if you would like to join.

For the little ones there is Baby and Toddler Rhymetime on Friday 7 April, or come along to the Love's Farm Starlings toddler group on Wednesday afternoons. Sleeping Beauty is the theme for Limelight Entertainment's workshop this Easter (now sold out, call Amy on 07825 331453 to join the waiting list), and you can learn about the real story of Easter and join an Easter Egg hunt in the Easter Experience on Good Friday.

Pop in during our opening hours to borrow a book from the Micro Library or relax in the foyer with a magazine. Switch Cafe is open as usual on Thursdays and Fridays (excluding Good Friday) for freshly prepared cakes, light lunches and hot drinks, and the Farm House Bar is open on Friday evenings – join us for Cocktails and Karaoke on 7 April or Games Night on 14 April. See the What's On Guide on the back page for times and details, or visit [www.lovesfarmhouse.com](http://www.lovesfarmhouse.com).

# Oversubscription of The Round House Academy

The Round House Academy is over-subscribed and not all children living on Love's Farm will be given a place. Places are allocated based on distance to the school, meaning children living to the north of the estate are likely to miss out. It's these children who have the furthest to travel to the next nearest school, which is at least a 40-minute walk away.

Love's Farm has grown quickly over the past few years, and has a particularly high proportion of young families. The capacity of the primary school has not been increased to reflect this.

Residents have built Love's Farm into a wonderful community, and at the heart there's a fantastic primary school. It's deeply disappointing for parents and children that it doesn't have enough space for all of the children on Love's Farm.

It's so disheartening to see the majority of children in our neighbourhood being able to walk to school, whilst a small minority have to be driven past all of them, past the local school, in order to attend another school much further away. Living close to the school they attend not only makes travelling much easier for both the parents and children, but it also provides exercise, gives the children an opportunity to socialise, make friends, and really feel part of the community. It makes it far easier to attend extra-curricular and social activities, and it will also mean they

The Round House school is currently two-form entry.

will live close to their school friends.

Parents are trying to take a co-ordinated approach to find a solution for this year's intake and also for children on Love's Farm due to start school in future years. We would like the capacity of The Round House Academy to be increased in time for the September 2017 intake. We recognise this will likely have to be done through temporary measures (i.e. Portakabins), and could be done for a few years on a temporary basis until a longer-term solution can be found.

We have set up a Facebook group called 'Oversubscription of The Round House Academy'. Anyone is welcome to join, whether you are affected (either directly or indirectly), would like more information, want to talk to other parents or just to show your support.

We have also set up a petition and are trying to get as many signatures as possible. If you would like to sign it please go to [www.change.org](http://www.change.org) and search for 'Round House Academy'.

Please feel free to contact me at [emma\\_stevens@rocketmail.com](mailto:emma_stevens@rocketmail.com).

Join our monthly Love's Farm Dog Walks on the first Sunday of every month. It's a non-strenuous walk, for about an hour, but you are very free to peel off at any time. It's a great way to socialise the dogs and the owners have a good natter along the way. Meet at the Stone Hill Bridge at 10am. Email [keela.shackell@ourlovesfarm.co.uk](mailto:keela.shackell@ourlovesfarm.co.uk) to join our mailing list.

## Gin Cocktails at the Farm House Bar

The menu at the Farm House Bar has been updated to include Hendrick's and Portobello Road gin and a range of other premium spirits. Head over on Friday 7 April for an evening of Cocktails and Karaoke.

The bar is open every Friday from 7:30pm, and there's a rolling monthly programme of karaoke, games night, film club and quiz night to keep you entertained. Check the What's On guide on the back page for more details.

Hendricks and Portobello Road are now on the menu.

The Love's Farm Community Association committee meetings are held in Love's Farm House on the third Wednesday of the month at 7:30pm – the next one is on 19th April. Everyone is welcome, and it's a great chance to find out more about what's happening on Love's Farm, meet like-minded people and help make the most of your community.

## St Neot, King Alfred and the Alfred Jewel

The Alfred Jewel

Ever wondered why St Neots is named after a Cornish monk and has a picture of King Alfred as its official emblem?

St Neot lived in Cornwall in the 9th Century, and was buried in 870 in the Cornish village of St Neot.

The relics of saintly bones were held in high esteem, and in 980 his body was moved to Eynesbury when a monastery was founded there. The town was later renamed St Neots.

You may have noticed a large mosaic on the market square on the corner nearest the river. A similar image appears on the St Neots sign, the Mayor's chains and the emblem for St Neots Town Football Club. It's based on the Alfred

A mosaic of the Alfred Jewel on the market square

Jewel, the most precious of all Anglo Saxon antiquities. The Jewel was discovered in 1693 and now resides at the Ashmolean Museum in Oxford.

The Jewel is inscribed "Alfred ordered me made", and it is believed to have been made for King Alfred the Great (b. 849, d. 899) to present to his Bishop adviser. It's an example of an Aestel pointer, which was used for reading scriptures. It was first thought to contain an image of Alfred and later, that of Neot. It is now thought most likely to represent an Anglo Saxon image of the 'Personification of Sight'. On close examination the image appears to be wearing spectacles, but it was made before these became commonplace.

Alfred and Neot were half-brothers, both sons of King Aelwulf. Early medieval chronicles record Alfred's regular visits to Neot to seek advice. An account of the second burial of Neot in Eynesbury refers to him dressed in purple, the colour reserved for royalty. A diminutive statue placed between those of Kings in Westminster Abbey is said to represent Neot. In Anglo Saxon England, it was

expected that members of the royal family would take a military lead in defence of the realm. Neot may have been involved in the many battles between Wessex and Viking invaders which took place in the Cambridge area. The last Danish Viking King to die in battle was killed near St Neots.

As with most saints, the story of Neot tells of many miracles, with the most famous concerning fish. It is said there were two fish in a pool. Each day one fish was caught to eat and by the following day the pool again had two fish. One day, Neot was unwell so instructed a servant to bring him a fish. Ignoring Neot's instructions, the servant returned with two fish. Knowing this would mean there would be none for tomorrow, Neot ordered one of the fish be returned to the pool. On entering the water, the fish sprang back to life and there were two fish in the pool the following day. To this day Saint Neot is the Patron Saint of Fish.

Besides being royalty, a soldier, a worker of miracles and a saint, Neot has sometimes been credited with inventing the recipe for whisky but we will never know how true this is.
