Love's Farm Ladies WI Christmas Fayre

**Sunday 9th December 1.30pm
- 4pm, Love's Farm House**

The Love's Farm Ladies will be holding their Christmas Fayre at Love's Farm House on Sunday 9 December. Entrance is free, and there will be plenty on offer including cake, gift and craft stalls, refreshments, a raffle and tombola, face painting and the chance to meet Father Christmas himself! The event will raise

funds for the St Neots Acorn Cancer Support Group, so come along, have some fun and support a great cause!

Parking Restrictions: Decision Due Soon

All residents should have received a letter detailing the formal consultation for parking restrictions on Love's Farm. The

formal notice was published in the local newspaper on Wednesday 7 November 2018 with a deadline for comments by 30 November 2018. A copy of the notice, drawings and additional information can be found on the Council's website (visit www.bit.ly/cambridgeshiretro) and at Love's Farm House.

Objections and other comments that were submitted by 30 November will be considered by the Council and a final decision is expected to be taken in January 2019 on whether to implement the parking management scheme.

As expected, a range of views have been expressed, with some residents demanding no restrictions near their homes, while others want double yellow lines on all spine roads. LFCA has worked with residents and the council to ensure that all views are heard and understood. Unfortunately, though, it is impossible to accommodate all requests. To enhance safety and traffic flow through the estate, the council will approve the scheme if it believes it is supported by the majority of the community.

Northern Access

Those of you who commented on Cambridgeshire County Council Highways' proposal to permanently close the Northern Access ("bus gate") at the top of Hogsden Leys may have received a notice from the council saying they intend to proceed with permanent closure. Julie Wisson, your county councillor has objected to this and believes that the decision in fact will have to be

approved by the relevant county council committee. If this is correct, there will be an opportunity for LFCA and residents to make further representations at the meeting. Julie's and my view is that fuller consideration of options is needed, especially for emergency vehicle access.

Cllr David Wells

Sorting Out the Chicanes

LFCA have submitted a Local Highways Improvement (LHI) bid to Cambridgeshire County Council to look at improving and/or moving the chicanes, especially those on the Dramsell Rise bridge and the junction of Hogsden Leys and Cockrells. An engineering assessment has come back favourable. The key next steps are to secure a commitment for some third-party funding and to get the scheme prioritised by the county council, as only a limited number of LHI bids are approved each year. There is an opportunity to present to the LHI panel on 10 December for the latter.

Meanwhile, Huntingdonshire District Council is looking into the feasibility of additional street lighting on the footpath between Fox Brook and Hull Way.

Cllr David Wells

Councillor Surgery

Your county, district and town councillors are on hand on the first Saturday of the month (except January and August), 10-11am in the meeting room at Love's

Farm House. It's an opportunity to raise any issues you have. You can also reach them via the contact details on the inside back cover of this newsletter.

Pocket Parkrun

Did you know that St Neots has its own parkrun which takes place in Pocket Park (which is located close to the Willow Bridge behind the Ernulf Academy) every Saturday morning at 9am? In the 24 weeks since it started over 1,700 people have run, walked or jogged around the 5km route in Pocket Park. It's free to join and everyone is welcome, whatever their running ability.

The course record is 16 minutes and 17 seconds (with a female record of 18:39 held by Love's Farm's Jo O'Regan), but we regularly have walkers that complete the course in an hour or more. Because we have a dedicated volunteer tail-walker, nobody ever finishes last.

The good news is that we are building on this success by launching a brand new Junior parkrun in St Neots next year. Junior parkrun is for 4 to 14-year-old children and is held over a shorter 2km course on a Sunday morning at 9am. The Junior parkrun team are currently recruiting volunteers to help set up the event. No previous experience is required, and it's a great community activity.

If you are interested in more information

about either Pocket parkrun, or St Neots Junior parkrun please email me at stephen.ferguson@ourlovesfarm.co.uk

Police & Crime Update

On 17 October the Love's Farm community met with St Neots Police Sergeant Adam Bagulay for an update on policing issues in our area. The bottom line is that the police are significantly stretched and we need residents to respond to help our community.

We need to lobby for more Police resources

The key message from the meeting was that police resources are unbelievably scarce. The community policing team for St Neots and the surrounding villages comprises just one police sergeant and three full time (and one part time) PCSOs. We need to apply pressure wherever we can to ensure more resources are allocated to St Neots and Love's Farm. We would urge residents to write to:

Jason Ablewhite — Police & Crime Commissioner for Cambridgeshire.
cambps-pcc@cambps.pnn.police.uk

Jonathan Djanogly — our MP. jonathan.djanogly.mp@parliament.uk

Our local councillors — contact details on the inside back cover.

Be vigilant and take simple precautions

A significant proportion of recently

reported crime has been simply opportunistic. Don't make it easy for criminals! Be vigilant and help your neighbours by keeping an eye out for each other.

- Ensure doors, windows, garages and sheds are secure.
- Light your property at night indoors and out and consider security systems.
- Keep valuables out of sight and mark belongings including bikes, scooters and prams.
- Tell your neighbours if you are going away for a time.

Immobilise is a free national facility that allows you to record your personal property and belongings. In the event that a registered item is lost or stolen, they can easily be returned to you if any of the items are recovered by the police.

Report, report, report!

It's tempting to think that because the police are so busy there's no point in reporting minor crimes. Nothing could be further from the truth! The police might not have time to investigate or follow up but the reports are used to build a picture and to allocate resources. If nothing is reported, the assumption is that everything is fine.

- Crimes and concerns can be reported online at www.cambs.police.uk/report It only takes a few minutes and you don't need to wait on the phone.
- Call 101 for non-emergencies.
- Always call 999 when it is an emergency, such as when a crime

is in progress, someone suspected of a crime is nearby, when there is danger to life or when violence is being used or threatened.

- To give some information about a crime anonymously, contact CrimeStoppers on 0800 555 111 or visit www.crimestoppers-uk.org

Womble Crossing for Cambridge Road

Underground, Overground, Wombling Free. We all know the song from our childhood but the residents of Love's Farm and future residents of Wintringham will

need to take great care when crossing the busy and dangerous Cambridge Road, which runs straight through the heart of our growing community.

We have a once-in-a-lifetime opportunity to do something really special when it comes to positively influencing how St Neots, the biggest town in Cambridgeshire, expands for the benefit of all. We can only do this with the coordinated support of local residents, the property developers Urban&Civic and Cambridgeshire County Council.

As lead petitioner, I am asking for your support so that, as the Wintringham Park and Love's Farm Phase 2 developments are built (with huge increases in the numbers of local residents), a pedestrian-friendly crossing is developed to help build a truly integrated and safe

community, as well as keeping traffic flowing efficiently in and out of our town.

Current proposals for pedestrian crossings are insufficient to deal with the challenges of increased traffic flows along this busy road and do not put pedestrian safety at the forefront of this future development.

The residents need to have a Womble solution – a bridge or tunnel.

Underground, overground, it really does not matter but what either will do is to ensure that pedestrians (including school children) won't have to take their chances with the traffic on Cambridge Road.

We are calling on the County Council and the property developers Urban&Civic to reconsider their current position with the hope that they will advise that the bare minimum requirements of any new crossing is one that completely removes the need for the community to be at risk of being run over as they cross the road. If you agree, please sign the petition at www.bit.ly/womblescrosing.

Feel free to contact me at Nik.Johnson@huntingdonshire.gov.uk Thank you for your support. Together we can all work for a better solution for our community.

Clr Dr Nik Johnson
